COMING OF AGE

Back in the mists of time, when the world was young and Knave was Vol. 13 No. 11, Charlotte made her first, blushing appearance as a nude model. Just look at her now! Who would guess that she once suffered from knots in the knickers? Over the last eight, fun-filled months she has become 21 — and a byword among the great undressed. A trouser rouser par excellence. "The first time the poor photographer had to spend all his time calming me down and getting me in the mood. This time I walked in and stepped out of my clothes with confidence. No knickers or bras, they leave marks which take hours to go away. This photographer

was stunned. He had a bad hangover and I had to warm him up!"
Wasn't she embarrassed at having no underwear on?
"I love to feel my thighs swishing together as I walk — and to rub them together when I'm sitting down and I think no one is looking. And when I walk my nipples jiggle against my blouse and stick out — I can feel every man in sight staring at me . . ."
A simple 'no' would have been sufficient.

Josephine

Once upon a time we received some great pictures of an anonymous but beautiful model — it happens all the time. Anyway we called her Jo — short for Josephine — and used her as the cover

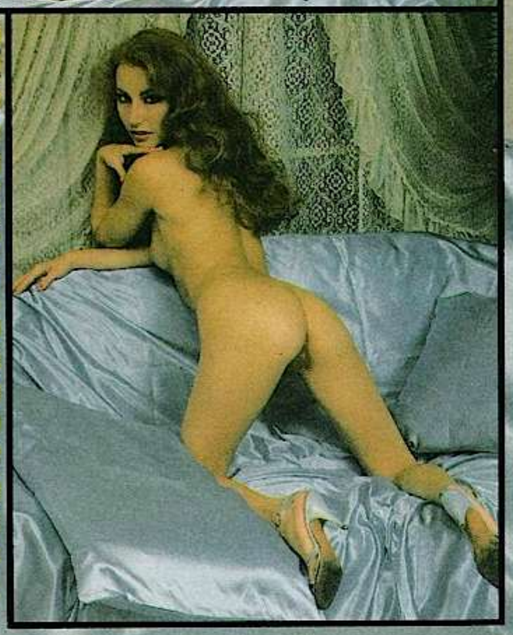
and centre spread in Knave Vol 12 No 10. So far so bad. Later we found that she had become quite famous in America as a starlet in porno movies under the name Loni Peters. And as if that wasn't bad enough — she models as Jenny Wren as well. 'Aaaargh,' we thought, 'that's torn it and no mistake!' So we decided to come clean, throw ourselves on your mercy — and use her again. She's everso sexy this whatsername.



KIKI

PHOTOGRAPHED BY FRANK STEWART

Excuse me, Miss, I'm doing a survey for my doctorate. Would you mind answering some intimate questions?

Ooooh no, it sounds like fun.

Okay, how often do you think about sex?

All the time.

I see. . .er. . .and are you attracted to a particular type of man?

Well. . .you seem nice.

Good. End of survey.

You mean, that's it?

Yes, we've established that you fancy me — so we can go to bed now.

Oh, all right then. By the way, what are you studying?

Marine Biology.

Why all the sexy questions then?

I'm a prawnographer. . .

SARAH McCARTHY

KNAVE'S AMATEUR MODEL OF THE MONTH

A sultry lady with a boldly challenging stare — not unlike a pair of lustful lasers — Sarah works, lives and no doubt loves in Bournemouth. As an amateur model she's had a lot of practise and really loves having her photo taken in the rude. It's one of her favourite sexual stratagems. "I've tried it on all my boyfriends in the last two or three years — and it does wonders for your love life!" She's 25 years old, stands 5' 4" in her stockinged feet and has a 'healthy sexual appetite'. Apart from clothes, she saves most of her money for exotic holidays and last year spent two weeks in the States. "I saw the Grand Canyon, which is simply too awe inspiring to talk about. But my favourite was the geysers in Yellowstone National Park. All that water roaring up into the sky, and as regular as clockwork. You can see why people used to worship them." Her favourite fantasy? To have dozens of men all taking pictures of her at once.

A STAR FOR A DAY

Experience a little glamour under the lights and prove you're as good as our other models. As our Amateur Model of the Month you'll be the star of a photo-session shot by a professional photographer in a fully equipped studio — and with a top make-up artist in attendance. So come on girls, send us three recent pictures of yourself (preferably nude) with your name and address included. Your modelling fee will be £150 — and there's a further £25 for the enterprising photographer who brings you to our attention. Let's hear from you **now.**

WANDA

PHOTOGRAPHED BY STEPHEN HICKS

As long as there aren't any faeries about and the garden gnome has been blindfolded it may be safe to introduce you to magic Wanda. But take care — this flying sorceress will sweep you off

your feet. Not, of course, that Wanda is a real witch, it's just that men turn to putty in her hands. For she hath charms to sooth even the savagest of goblins. The elves are away, foolish fellows, and it really is too warm down at the grotto to keep all those silly clothes on. A flash of erotic abracadabra, and Presto! Enchanting n'est-ce

pas? Bewitched, bothered and bewildered? Aren't we all. But it isn't easy to enter the land that dreams are made of. You'll have to grab your certificate for O-level in Runes and hunt for the end of the rainbow, or perhaps the

nearest wishing well. The Germans call it Wanderlust, but perhaps they aren't so hot at spelling. Not spells like Wanda's, at any rate. And a final word of warning. "It's not that I'm holding out for a wizard," she whispers to a thousand echoes, "But I do expect my princes to conjure up a romantic atmosphere." She muses to herself for a moment. "And definitely no frogs." And you thought fairy tales were for children!
